EXECUTIVE ASSESSMENT

Your resume shows reasonable alignment with this role. Core skills such as python, sql, git, linux, cybersecurity are present and recognised by the system. The primary gaps involve flask, docker, pandas, numpy, machine learning. With the improvements below, this resume becomes competitive.

RESUME STRENGTHS

- ✓ Strong technical skills section - keywords and tools clearly listed
- ✓ Well-documented project descriptions - shows practical hands-on experience
- ✓ Relevant certifications present - compensates for limited work experience
- ✓ Quantified achievements with real numbers - makes impact concrete and measurable
- ✓ 8 keywords already matched - solid baseline alignment with this JD

TOP STRENGTHS

- ✓ python
- ✓ sql
- ✓ git
- ✓ linux
- ✓ cybersecurity

TOP SKILL GAPS

- ✗ flask
- ✗ docker
- ✗ pandas
- ✗ numpy
- ✗ machine learning

NEEDS MINOR IMPROVEMENTS

You're on the right track. Addressing the gaps below will meaningfully improve your ATS ranking.

JD Level: Senior This JD requires 5+ years experience. As a fresher, highlight projects and certifications strongly.

Section Performance

SUMMARY

22% Match

Summary section too short (89 chars). Expand to 3-4 lines.

EDUCATION

Good

Education section found and complete.

EXPERIENCE

0% Match

No Experience section found. Add one immediately.

PROJECTS

55% Match

Projects section found with 445 characters.

SKILLS

78% Match

Skills section found with 189 characters.

CERTIFICATIONS

Good

Certifications section looks fine.

Action Plan to Improve ATS Score

GROUP 1 - CRITICAL FIXES

- 1

Add 'flask' to your Skills section - it appears in the JD
- 2

Add 'docker' to your Skills section - it appears in the JD

GROUP 2 - IMPORTANT IMPROVEMENTS

- 1

Add an Experience section - ATS systems specifically look for this heading
- 2

Expand your Summary section - currently too short at 89 characters
- 3

Add 'aws' to your Skills section - it appears in the JD
- 4

Include quantified metrics in your project bullet points

GROUP 3 - OPTIONAL ENHANCEMENTS

- 1

Consider adding 'redis' - mentioned in the JD
